Dear Prosecutor,

On 2 December 2018, Zineb Redouane died during emergency surgery. The day before, the 80-year-old had been hit in the head by a tear gas grenade while closing her apartment window.

During the December 2018 protests in Marseille, protesters marched past Zineb Redouane's home. Zineb Redouane did not participate in the protests, she merely wanted to close the window to block out the noise from the people in the streets. That was when she was shot, suffering severe bone fractures. Four years after her death, the family of Zineb Redouane is still waiting for her case to be resolved.

I therefore urge you to make sure that Zineb Redouane's death will now be comprehensively investigated.

Please make sure that those responsible for Zineb Redouane's death are brought to justice.

Any violence by the police or other security forces in France must be investigated and those responsible held to account.

Yours sincerely,
